VISIT SUMMARY

Blue Horizon provides comfortable accommodation for visitors to Marazion and as a result of this visit, a well deserved Three Star recommendation will be made, with a Guest House designator. Hospitality was a major strength here, with a relaxed and friendly atmosphere being created by Paul and Judith. At breakfast a varied choice was offered and the cooked breakfast provided a substantial start to the day. Cleanliness, considered to be of paramount importance within the inspection process, was very thorough in all areas. We look forward to returning to the property and wish you continued successful trading during 2006.
